1985 A Year of Rituals
Volume 70
Elon College, N.C.

A Year Of RITUALS

The year began as any other. Freshmen arrived first, greeted by the friendly orientation staff. Suitcases, crates, refrigerators, televisions, stereos, and all the usual stuff kids bring to college quickly filled the dorm rooms. Next came the upperclassmen — who brought considerably less than the freshmen. Experience had taught many that the third floor was quite a hike and unless you were training for the Olympics, it was not necessary

to “over load” for the return trip to Elon.

License plates from New Jersey, Maryland, Florida, Virginia, South Carolina, and other faraway places joined those from North Carolina, and the parking lots quickly overflowed, especially the Oaks where it was often necessary to “cruise” in search of a vacant spot.

After a few trips to the campus shop and Holy Hill Mall for supplies and so forth, many stu-

dents settled in and began the process of registration and all the “line-standing” necessary to begin the semester. Many energetic students became reacquainted with Dewars and the Lighthouse hoping to see old friends and meet new ones! A line stretched outside Brown and Company and the streets of Elon College had filled with students once again. The *Rituals* were about to begin.

The Rituals of College Life

The life of a college student is packed with the routines of daily living: waking to a noisy alarm, crawling out of bed, sifting through the closet for something to wear, walking to class or fighting for a parking place and somehow managing to be in your seat before the lecture begins.

After classes, poverty or extreme hunger entices many stu-

dents to lunch in one of the cafeterias. Others congregate at Hardees or Brown and Co. for a more impressive meal. Afternoons are filled with activity: napping under the oaks, being absorbed by Erica's machinations on *All My Children*; enjoying the early commencement of happy hour at Dewars, participating in an intramural game, preparing for an evening of

meaningful social interaction, and perhaps a stolen hour or two of diligent concentration in the stacks of the library. These are the rituals of daily life at Elon.

New Oaks in Process

Finally the new Oaks are nearly finished. It's too bad a new parking lot didn't come with the deal.

The filming of Rituals . . .

Hollywood Comes To ELON

This summer while many students were away, Hollywood found its way to the Elon campus for the filming of the soap opera "Rituals". Such stars as Monte Markham and Joanne Pflug were part of the cast of the new daytime drama about a Southern all girls school — Haddon Hall. The Elon campus was the perfect setting for the new show and the filming, which brought much attention to the campus.

Students volunteered as extras and found themselves basking in the summer sun in order to look "rich and glamorous" for one particular scene of the show.

Elon's campus was just what the producers of "Rituals" had been looking for. After a long series of negotiations, Elon was disrupted by the cast and crew for a ten-day period of filming. The crew set up headquarters at the Ramada Inn and filming be-

gan. The F. D. Hornaday home, near Snow Camp, was the location used for the graveyard scene and a local textile plant agreed to serve as the center of the Chapin family wealth.

After all the plans were finally worked out, the filming itself began and the director was heard shouting "Quiet on the set, Please ! Film speed! Go!" The "Rituals" had begun.

Technicians, cameras and miles of cable crisscrossed the colonnades during the series' location filming.

Veteran actor Monte Markham takes a break from filming to talk with Elon Annual Fund Director Jerry Tolley.

HADDON HALL

Elon incognito?

For a week, Hollywood came to North Carolina as the Elon College campus became *Haddon Hall*, an exclusive school for women and the setting for the new syndicated drama *RITUALS*.

Actress Joanne Pflug plays Haddon Hall's overbearing hieress Taylor Chapin.

The routines of college life were disrupted as film crews, actors and extras swarmed the campus.

Spicing Up The Rituals . . .

Getting The Most out of Elon

Whether it was throwing football outside the Oaks or catching some rays by Harper Center Lake, everyone had some way of making the best of those hum-drum days. Nothing could compare to breaking the monotony with an intramural game or perhaps relaxing in solitude and peace.

A favorite pastime in the Oaks for these guys is throwing football or just shooting the breeze.

... The Best of Elon

The routine of the 1984-85 year had a flair all its own. Even the monotonous day-to-day events became rituals by the end of the year. The things we took for granted will never be experienced after graduation: The long nights spent as "all-nighters" studying for a test or writing a paper; the Hardee's runs at all hours of the morning for iced tea and a biscuit; a trip to the Pantry for some cigarettes, beer, or perhaps a bar of candy and a big gulp; an intra-

mural game in the middle of a busy afternoon to add some fun and fitness; ordering Dominos Pizza and getting it free after 30 minutes; battling for a parking space in one of Elon's many crowded parking lots; watching the soap opera "Rituals" every afternoon at 4 o'clock.

Throughout all the tests, term papers, exams and studying, students at Elon were never bored with the rituals. There was always one more beer to drink, one more game to win, one

more dance to dance. From September and Freshmen Orientation, through October with Rush and Homecoming, through December's exams and Christmas break; throughout January winter term, through February and Spring Rush to Spring Break, Greek Week, Exams and Graduation — Elon students experienced it all. Proving that these Rituals brought out in us all — the Best of Elon!

INSIDE THE BRICK WALLS . . .

The rituals of campus life at Elon range from the annual Homecoming and Parents Weekend activities to concerts and programs sponsored by SUB, and finally graduation, with many varied activities and events in between to make the year different and exciting. The 1984 elections were a big event for many politically minded students who campaigned for either the Reagan/Bush ticket or Mondale/Ferraro ticket.

Around campus new trends were evident. Many were seen skateboarding, and the game Trivial Pursuit popped up everywhere. Break dancing was still part of our lives after its big entrance in the spring '84. Then came the holidays. Halloween brought the usual costume parties with ghosts and ghouls everywhere. The Lighthouse featured the Annual Kappa Sigma Party. Next was Thanksgiving with lots of good food and thanks. Finally exams arrived and with them came the Christmas Season with Good Tiding, Santa Claus and for most, a trip homeward.

So these rituals continued throughout the year until May 18 when the seniors left behind the brick walls of Elon for the world beyond. But for those who remained at Elon — the rituals continued.

Homecoming . . .

Although Christians lose to Guilford, 1984 Homecoming is still the Best of Times

Although the loss to Guilford was disappointing, the fighting Christian Spirit proved to be undying. The festivities kept everyone entertained from the SGA dance at Best Western on Friday night to the pre-game presentation of the largest homecoming court in Elon's history.

At halftime the 1984 homecoming queen was crowned by last year's queen Gloria Goode. The winner was Melinda Brown, sponsored by Sigma Pi. First run-

ner up was Susan Hernandez sponsored by Sigma Phi Epsilon; second runner up was Alison Huddle sponsored by Tau Kappa Epsilon; and Annie Spaniol sponsored by Kappa Sigma was third runner up. Along with the crowning of the queen, half time also featured an appearance by the *Eighty-Second Airborne Parachute Club* of the U. S. Army, who presented a rose to the queen. Among the other highlights of the day were per-

formances by Elon's own show-band and the Williams High School Marching Band, as well as the Hall of Fame induction of four former Elon Athletes and a former coach.

Saturday night brought the Alumni Dance held at the Ramada Inn and featured the Embers. The weekend finally ended but it had been exciting and eventful for everyone.

Going beyond the brick walls

Introducing mom and dad to professors at the parents' reception . . . sitting in the silence of the worship service . . . lining up amid the chaos in Whitley . . . a last walk through Alamance Rotunda, across Scott Plaza and down the brick wall lined with faculty members . . . sweltering through the ceremonies in the gym . . . then hugs and tears and trying to find the words to say thank you and goodbye. These are the rituals of an Elon Commencement — and the 1984 version had them all.

From paying the graduation fee and ordering caps and gowns to addressing and mailing announcements, preparation for the final day began early. For many it was a happy time — the culmination of many years of hard work, studying, papers and tests. Some considered it a final pay-off for all that hard work. For all it was the beginning of life in the "real world" beyond the brick walls.

The ceremony itself featured Thad Eure, N.C. Secretary of State and Chairman of the Board

of Trustees at Elon. He introduced the commencement speaker, William John Bennett, Chairman of the National Endowment for the Humanities

Afterward tears filled the eyes of many. How do you say goodbye to those who have meant so much in your life? Hugs were sincere and cries of "Good Luck" and "Keep in Touch" floated about the crowd outside Alumni Gym as the ceremonies came to a close.

THEY ROCKED US SOCKED US AND MOVED US TO TEARS

Concert, dance, and dramatic performances set the stage for a year of enjoyment.

Elon was entertained by a variety of shows and performances throughout the year. The annual Talent Show during Parent's weekend sponsored by the Student Union Board was a huge success. There were a variety of concerts and musicals, and a very impressive performance by a group known as *UP WITH PEOPLE*. This group consisted of over 120 men and women from 14 foreign countries. Throughout the show the cast took the audience on a musical journey of the world.

Elon also had performances by the Construction Dance Company as well as a Burlington Dance Company and Elon's own group — the Emanons. These performances were all part of the variety of programming provided throughout the year.

Going Places

Students at Elon spent quite a bit of their time going places. Whether it was a summer trip to the Bahamas or Mexico, or winter term abroad in England, they enjoyed getting away from the routine to something different and adventurous. Robert Cor-

nell, Mark Vance and Andy Doyle spent their vacation last summer in the Bahamas, Steve Pierce visited Mexico and Africa.

The winter term abroad took students to England and many other places for a month of travel and study.

Fishing in the Bahamas

Andy Doyle and Mark Vance spent time fishing while they vacationed in the Bahamas last summer.

WHAT'S WHAT ABOUT WHO'S WHO
The 1985 edition of *Who's Who Among Students in American Universities and Colleges* will include the names of 19 students from Elon College who have been selected as outstanding campus leaders.

Campus nominating committees and editors of the annual directory have included the names of these students based on their academic achievement, service to the community, leadership in extracurricular activities and potential for continued success.

They join an elite group of students selected from more than 1,500 institutions of higher learning in all 50 states, the District of Columbia and several foreign nations.

It's how you play the game

Playing the game at Elon, whether it was football or tennis was a challenge to every athlete who stepped onto a field or court. Winning at Elon has long been tradition, not in score only but in attitude.

Elon breeds a winning attitude. From National championship teams in football and golf to individual victories in tennis and wrestling the winning attitude has carried many athletes through the trials and tribulations of practice and the agony of defeat.

1984-85 was no different from any other year. There were victories as well as losses. The heat of an afternoon practice, the pain of bruised bodies and aching muscles, the frustration of a wrong move in wrestling, the lack of recognition for a game well-played, or a perfectly executed cheer, and the question that every athlete has at one time asked himself, "Why do I do it?" The answer can be found in three words—a winning attitude.

So 1984-85 proved to be a year of rituals in athletics. The practices, the pain, the seasonal ups and downs and highs and lows, were all part of the rituals. Like the saying goes, "It isn't whether you win or lose, it's how you play the game ..."

Return to Homeplate

The 1984 Baseball season gave the Christians a 21-15-1 record overall. They tied for fifth in the Conference with a 6-8 record and were sixth in the District with a 13-10-1 record.

The 1985 season got off to a

good start under the new leadership of Coach Rick Jones. The team gathered wins against Virginia Tech, Wake Forest, and Western Carolina. Jones noted outstanding performances by Sr. John Driscoll, Jr. Greg Harris, and

Sr. Mo Morton. Not halfway through the season the Christians were already leading both the District and Conference and Coach Jones had hopes for the winning to continue throughout the season.

Rebuilding Season

The 1984 Softball team under Coach Mary Jackson had a tough Spring Schedule ending the season with a Conference record of 5-7, giving them a 7th place seat in the Conference.

Their overall record was 8-12 with a District record of 5-9. One outstanding player — Susan Overby was named to the All-Conference team. Other seniors on the team included Renate

Costner, Melinda Brown and Susan Wilson.

With the 1985 season close at hand the team hopes to rebuild and strengthen its position in the Conference and District.

Soccer gets off with a big kick

Senior Anthony Sherwood said Elon Soccer has come a long way since his freshman year. Sherwood and coach Steve Ballard agreed that this year's team has a great deal of talent and that they were a little disappointed that their record was not better than it was. The team finished 11-7-1 overall, 6-2-1 in the District and 5-1-1 in the Carolinas Conference where they were the co-champions

with Catawba. Sherwood said that some days they played great and beat some good teams, but on other occasions they were unable to get it all together.

Elon's Joe Nepay and Paul Lawson were selected for the All-Conference Honors while Andy Schaefer, Anthony Sherwood, and Joe Bartilinski were named honorable mention. Joe Nepay was also selected player

of the year and Coach Steve Ballard was selected Co-coach of the year. Joe Napay and Paul Lawson were also selected for the All-District 26 team while Coach Ballard was one of three coaches of the year in the District. Sherwood said that overall this year, the team was truly a team and the guys played to have fun.

Setting Up

Coach Carden had a young team again this year with only two seniors — Alicia Gaddy and Susan Overby. Although disappointed in the team's overall win/loss record, Coach Carden was very happy with the overall progress made throughout the season. Once the team began to

know each other and learned to read each others signals, she felt their performance on the court was exceptional.

Seniors Alicia Gaddy and Susan Overby were Carden's outstanding players. Susan Overby was named to the All Conference team. Carden also pointed

out freshman Angie McRae as an outstanding player and a great strength for the team in future seasons.

The final records for the team were: 2-11 in the District, 0-8 in the Conference, and 13-21 overall.

Another Winning Season

Elon College Fightin' Christians ended their season with a 7-3 record — a record that Coach Macky Carden can be proud of. Elon can also be proud of the fact that they placed nine players on the NAIA All-District 26 football team — five offensive and four defensive players — more than any other team in the district.

Elon 31—Carson Newman 29

New head football coach Macky Carden has Elon off to one of its best starts in years. In what many call one of the best halves that an Elon College football team has ever played, the Fightin' Christians dominated the first half against #1 ranked Carson-Newman in the home opener and took a commanding 24-7 lead into the dressing room at half time. The second half was a seesaw affair with the Fightin' Christians hanging on for the 31-29 victory. Coach Carden commented that "the most pleasing thing was that we did not have a single turnover and our kicking game was superb." After the game Royce Fentress was named National NAIA Defensive Player of the week.

Elon 47—Lenoir-Rhyne 6

Coach Carden and his staff were concerned about their game with the Bears of Lenoir-Rhyne and were especially anxious to see how the Elon players would respond following their opening game victory. They didn't need to worry. Elon again dominated the first half as the opportunistic Fightin' Christians capitalized on five Lenoir-Rhyne turnovers to post a 40-0 half time lead. Carden substituted freely in the second half, and the fightin' Christians scored an impressive 47-6 victory. Carden had these comments following the game: "I was hoping that we could win big. But, to be honest, I thought that it would be closer than this. Our offense took advantage of their mistakes and our defense was outstanding."

Guilford 13—Elon 12

Before a spirited Homecoming crowd of more than 6500, the #2 ranked Fightin' Christians lost a heartbreaker to the #8 ranked Quakers of Guilford College. Two Brad Hornick field goals early in the first quarter gave Elon a 6-0 lead, but the Quakers bounced back to take the lead 7-6 on an 18-yard touchdown pass and conversion prior to intermission. The Fightin' Christians scored first in the second half as Garry Pierce slammed in from the five, but the two-point conversion attempt failed. Elon's 12-7 margin held up until Guilford put to-

The players for the offensive unit were Clay Hassard, Thomas Kilcrease, Jexie Ball, Sam Fromhart and Jonas Davis. The defensive unit players were Royce Fentress, Ken Tatko, Grady Williams and Jake Welborn. Elon also had seven players named to the second unit of the NAIA All-District. These players were Lewin Bullock, Tony Settles, Al

Hendricks, Kenny Angel, Terry Best, Jay Simmons and Kirk Dunn. Elon's Jonas Davis, Clay Hassard, Thomas Kilcrease, Grady Williams, Royce Fentress and Al Hendricks were also named to the 1984 South Atlantic Conference All-Conference Team.

gether its winning drive in the final four minutes. Head coach Macky Carden offered no excuses for the loss. "Perhaps we're not as good and Guilford is better than everybody thinks. They played an excellent game while we were obviously not ready."

Presbyterian 21—Elon 7

The Fightin' Christians played in Coach Carden's words, "a good, hard football game." Unfortunately, it was not enough to defeat Presbyterian as the visitors slipped away with a 21-17 triumph. Elon's inability to put any points on the board in the second half has been a concern for the coaching staff throughout the year. After leading 17-7 at half time, the Fightin' Christians continued to move the ball offensively, but were plagued by turnovers and penalties. Two pass interceptions, a fumble, and penalties stymied Elon's productivity in the second half, but the Fightin' Christians still gained 378 yards for the game to 231 yards for the Blue Hose.

Elon 28—Catawba 0

Elon College returned to form with a convincing 28-0 victory over the Catawba College Indians. The Fightin' Christians rolled up 450 yards of total offense while limiting the Indians to 144 yards. Leading the way for the offense was junior tailback Jonas Davis from

Defensively, senior All-American candidate Royce Fentress spearheaded the effort with seven solo tackles from his line-backer slot. Grady Williams, Lewin Bullock and Ken Tatko also did a superior job in controlling the line of scrimmage. Head coach Macky Carden was pleased with his team's efforts. "I thought that we played a good, solid, workmanlike football game," Carden said, "We needed this win and now we're starting to turn in the right direction." Jake Welborn was named SAC-8 Defensive Player of the Week following the game.

Elon 53—Gardner-Webb 7

Sam Fromhart fired three touchdown passes and Jonas Davis rambled in for two more to lead Elon College to a 53-7 rout of host Gardner-Webb. A near-capacity crowd of 3,253 was on hand for the Bulldogs' Homecoming, Parents Day, Alumni Day, and what turned out to be Elon Day. The Fightin' Christians could seemingly do no wrong as they rolled to a 39-0 half time advantage and then cruised in with the win. "I thought our defense was dominating," said head coach Macky Carden. "Our offense took advantage of the field position that the defense gave them and after that, it was just a matter of putting it into the end-zone. This was probably the best effort we have had this year. Our offense blocked well and we did a good job mixing the run and the pass to keep them off balance." Jake Welborn was named SAC-8 Defensive Player of the Week following the game.

Elon 9—Newberry 7

Elon College won a hard fought defensive battle led by defensive back Albert Hendrick's three interceptions and excellent play by quarterback Sam Fromhart. Fromhart completed 13 passes for 202 yards and made several key runs. Tailback Jonas Davis gained 122 yards on 29 carries. Following the game Albert Hendricks was named SAC-8 defensive player of the week.

Elon 50—Bowie State 0

The Fightin' Christians rolled over Bowie State while rushing for a school record of 507 yards and a school record of 633 total yards. Jonas Davis led the offensive with 137 yards rushing and two touchdowns. The defensive forced Bowie to punt eleven times which is also a school record. The Bulldogs were held to a total of 72 yards on the offense.

Mars Hill 17—Elon 7

Elon College's chance for a post-season playoff berth in the NAIA Championships went down the drain with the hopes of gaining a tie for the conference crown at Mars Hill Saturday afternoon. The Fightin' Christians were defeated by the host school by a 17-7 count.

Elon led in every category except one, that being the final score. The Fightin' Christians were the leaders in rushing yards, passing yards, total offense, and even in yards penalized, but failed to take advantage of their opportunities. Elon fumbled away the football five times in the process. Two of those came inside the Mars Hill 20 yard line and another came inside the Christians' five yard line, which set up the lone touchdown of the first half for the Lions with less than a minute to go in the half.

Elon 28—Wofford 10

Elon ended its 1984 season with a 28-10 victory over Wofford. Elon got out to a lead on a seven yard option pass from tailback Daren Goode to wide receiver Jay Simmons. Wofford came back to score on a field goal with :04 seconds to go in the half. In the second half, the Fightin' Christians pulled away with scores by Jonas Davis, Mike O'Lari and Stanley Hairston on an outstanding catch and run. The Christians hard hitting defense caused three Wofford fumbles and one interception.

Shoot for the Playoffs

When asked how he felt about the 1984-85 season thus far Coach Morningstar said "Great!" He said there are lots of new players and everyone is playing well. According to Morningstar — Senior Mark

Leak leads in scoring, averaging 18 points per game. He feels the guys are very "team oriented" and a very well balanced team.

The month of January proved to give the Christians a tough schedule with teams they ex-

pected to be challenging them for the conference title. But the Christians pulled through and Morningstar hoped to go to the District Playoffs.

Tournament action with top-notch teams and a tough schedule kept Grapplers

On the Move

The 1984-85 Wrestling team under the leadership of Coach Jim Richardson had a tough schedule with tournaments featuring such teams as the Citadel, Duke, and Appalachian. Elon placed second in the Washington and Lee tournament and fifth in the Mid-South Tournament at Carson-Newman.

One important event pointed out by Coach Richardson was the teams participating in the Tiger 8 Tournament at Clemson University. This tournament featured such high-caliber teams as Clemson, Notre Dame, Southwest Missouri, Stetson University and the University of Central Florida. Junior Johnny Travis was

Elon's only champion in this meet with a 13-0 win in the finals over Dave Helms of Notre Dame.

Coach Richardson pointed out outstanding wrestler Bobby Brown who was 26-3-1 before the Carson-Newman meet.

After Years of High Rankings and Six Returning Lettermen

The Tradition Just Gets Better

Elon has always had an excellent Golf team, capturing the NAIA championship and District titles. The Christians picked up a 4th place finish in the NAIA Nationals held in Michigan last June and captured the District 26 title once more.

Morningstar's linksters who have been to the NAIA tourna-

ment for 9 consecutive years, were ranked in 1st place in the last NAIA poll before the tournament in June. The 1984 team MVP was Hugh Gill.

The 1985 Golf Roster consists of the following: Neal Braxton, Eddie Cofino, Chris Dockrill, Ron Dorrestein, Bob Fikac, Greg Fry, Craig Gunn, Greg Haley,

John Horsley, Tom Martine, Jimmy Merriman, Barry Pilson, David Russell, David Startzel, Taylor Trogdon, Chuck Welch, Cecil Worsley and Richard Adams.

Ins and Outs

The girls tennis team ended a tough year in 1984 with a 3-12 overall record. They placed third in the Conference and eighth in the District. The 1985 season began March 10th with returning starters Beth Cogan, Michelle Pumbo, Jill Goodman, Missy Jones, and Cindy Wall. New-

comers Beth Hershey and Dana Campanga are expected also to be great assets to the team. The 1985 girls team consists of: Beth Cogan, Michelle Pumbo, Missy Jones, Jill Goodman, Donna Trollinger, Cindy Wall, Jennifer Rose, JoAnna Picha.

The guys team finished up

1984 with a 13-7 record overall and a 7-3 for the conference, where they placed fourth. They also placed fourth in the District with an 8-3 record. Both the girls and guys teams look to a better season in 1985.

Spirit Boosters

The 1984-85 Cheerleading squad faced many problems throughout the year. First the team experienced a loss of members between football season and basketball season. New girls were chosen to replace those who left. The squad had a

difficult time with tryouts for the new members during the middle of football season. The new girls had to learn quickly and work their way into the routine with the rest of the squad.

The members of the Elon Cheerleading Squad are: Sherri

St. Clair, Captain; Karen Long, Co-captain; Janice Orlando, Lisa Gentry, Elise Vincentini, Jill Goodman, Kelly York, and Susan Townsend. These girls put in many long hours of practice and have been a dedicated squad despite the set-backs.

Reptiles Look Forward to '85 Season

The 1985 season for the Lacrosse team started on March 2. Last year the team was 5-6 but this year Ken Markosky predicted the team could go undefeated. With all the hard work and effort the men have put into the team, this season should turn out to be a good one.

Coach Kelly Retires

Coach Don Kelly is retiring as a professor and as Assistant Football Coach after countless achievements here at Elon.

Kelly began his college teaching career here when he joined on with head football coach Red Wilson in 1967. This was back when Dr. Danieleley was president of the school and Lenoir-Rhyne had a lock on the Carolina Conference.

The Physical Education Department was something less

than it is now and Kelly entered as head of that department. One of the accomplishments here that has brought him the most joy is the establishments of the aquatics program.

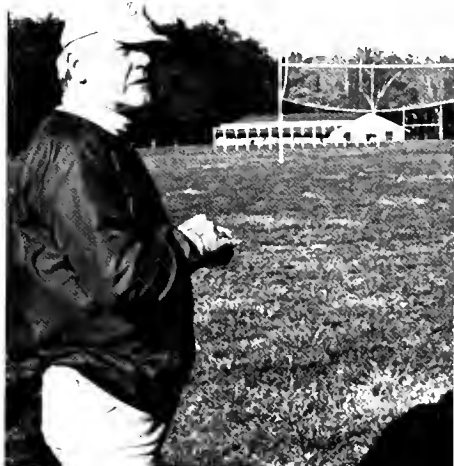

Under Kelly's guidance the program has expanded to the point it is now at, which includes classes in Water Safety Instruction and Scuba to name only two. Kelly has logged more than 2000 hours teaching these Red Cross programs.

When reminiscing, Kelly seems to remember the best of times. Like the years when the Fightin' Christians broke the Lone Star (a Texas conference) dominance of the NAIA by garnishing back to back national championships in 1980-81.

Dr. Janie Brown, Head of the Physical Education Department has known Kelly since the days at Reynolds and said he will be sorely missed because, "he has a real dedication to teaching. He is truly interested in seeing students learn the skill and learn it well."

Kelly has always planned on ending his coaching career at the minimum retirement age. He said, "I want to leave with a good attitude even though I feel I can still make contributions. It's time for youth and new ideas.

When asked what he will miss most about Elon, Kelly replied, "the students and the continual growth of the college. Also, the affiliation with all the fine coaches Elon has been fortunate enough to have." (Reprinted with permission of the Pendulum.)

Something for everyone . . .

Elon students had unlimited opportunities to become involved. From the SGA to the outing Society, Elon offered a wide range of clubs, committees, board publications and other organizations giving students something extra to fill their schedules. Life at Elon was not all studying or partying. It consisted of getting involved in something worthwhile in order to make them a little better or stronger than before. More friends and acquaintances, setting goals and striving with others to reach them — caring about Elon and about each other.

Students benefited from whatever tasks they set out to perform. Whether it was a SUB program, a yearbook or newspaper deadline, selling doughnuts for SAM, or a devotion for BSU luncheon, students put in many hours of hard work and caring to be involved. The possibilities at Elon are many. Regardless of what major or ability, Elon offered an opportunity for each student.

MAKING ELON BETTER

Talent Search?

During Parent's Weekend, the SUB again sponsored the annual Talent Show.

The Student Government Association (S.G.A.) has had another outstanding year representing the students of Elon College. The S.G.A. worked for students in the 1984-85 year through its various activities, Homecoming, Spring Fling, and also through legislation designed to make Elon a better place for students.

The S.G.A. funds both the Student Union Board and the Liberal Arts Forum, which served students well this year through various activities, movies, and concerts, highlighted by the Joe McGuiness lecture in the fall and Spring Fling in the Spring.

The S.G.A. continued to work

in the Senate, to promote the welfare of the student body through legislation. A fall break for students, proposed by the S.G.A. with the support of students, was approved by the administration for 1985. The S.G.A. worked also on the elimination of midterm mailings to parents, on revising the S.G.A. constitution, and on protecting student rights through the college judicial system.

With the hard work and support of the students that make it up the Elon College Student Government Association continued in 1984-85 to make a positive contribution to Elon College and to

the students of Elon.

The Student Union Board is responsible for programming activities for the Elon students. Special events such as concerts by Side-winder and the Spongetones, who performed last spring; and the Voltage Brothers and the Waller Family, who performed last fall. The movies which were shown every other Friday night in Whitley Auditorium; speakers for the Coffeehouse; comedians and lecturers are sponsored by SUB. They are responsible for the activities in the gameroom and the T.V./video room.

Insight and Sound

With Colonnades and WSOE

WSOE underwent some significant changes this summer to enhance the progress of the only FM station now located in Burlington. The station staff and faculty advisor banged hammers and sawed wood all summer in order to build a news-room and renovate the production room in time for the Open House ceremonies during Homecoming Weekend. They also worked day and night installing sound insulation in both studios as well as reorganizing the On-Air-Studio during the last weeks of summer vacation. The final touches were finished at ap-

proximately 10:50 the night before Homecoming when the new logo for the All New Progressive WSOE was painted on the station wall.

In addition to these activities, General Manager Jim Cahill and the rest of the WSOE staff have been working diligently trying to make Elon College students realize that WSOE is an outlet for students to entertain, create and inform the students of Elon College and the surrounding community of potential students and residents.

The literary magazine of Elon College, called the Colonnades,

is published annually in the spring. The Colonnades is made up of stories, poetry and works of art. These features can be submitted by students, faculty or members of the community. The Colonnades is not just a magazine for the college, but the community has the opportunity to receive a copy. This is one way where the college tries to bring the college and the community together. The Colonnades prints some good publications from the students and people of Elon College.

A New Hangout?

Media Technician Chris Fulkerson takes a break from hanging lights to "hang out" in the video control booth in the LRC.

In spite of numerous changes, like staff turnovers and relocating to another office, the *Pendulum* managed to publish an edition each week. Diligent work and determination on the part of newspaper staffers overcame the complications of a new location and a new computer. By the start of Spring semester, it was business as usual for the college weekly newspaper.

The college's purchase of high-tech typesetting equipment made it possible for the *Pendulum* to be produced entirely in-house. Newspaper staff wrote, composed, typeset and pasted-up the publication each week in their office on Williamson Avenue — adding a new dimension to their journalistic ex-

pertise. The *Pendulum* continues to be the "newspaper of record" for the Elon College community and draws high praise from faculty, administrative staff and students.

Elon College entered the mainstream of video-communication this year with its addition of sophisticated TV production equipment and the creation of a broadcast quality TV studio in the Learning Resource Center. Mr. Ray Johnson now produces a weekly cable TV program called *Elon In Review* which airs on a local public access channel. These changes led to the addition of a new major in Mass Communication and the involvement of many students in progressive video production.

Civinettes

The Civinettes is a non-profit service organization sponsored by the Burlington Civitans. The Club is open to all females with its goal being that of serving and helping the community. The Civinettes current advisor is Mrs. Kathleen McNamee.

The Civinettes activities include sponsoring a Halloween party at the Central Piedmont Nursing Home, and a dance for the mentally handicapped at Valentines. At Christmas, each member selects a faculty member and plays "Se-

cret Santa" for them. At a party their identity is revealed. The Civinettes also help with clothing and food drives for the needy in the community. Each February, they sponsor the Queen of Hearts in order to help the American Heart Association. The latest activity is sponsoring an Easter Egg Hunt for children of the Elon faculty.

The Civinettes would like to thank their advisor Mrs. McNamee for her continual guidance and support. This organization could not exist without the aid of each member.

Getting into nature, the members of the Outing Society took camping trips to Hanging Rock where they went canoeing, rappelling, and white water rafting on the Nantahala River in Western North Carolina. Skydiving was one activity which both the

Outing Society and ROTC shared at Fort Bragg in Fayetteville, North Carolina.

With over one hundred members the ROTC was responsible for a very successful blood drive on campus and the skydiving demonstration by the Sky-

diving Club during halftime at Homecoming. Learning to handle weapons, such as M-16's and M-60's, the students of Elon College get prepared for the unexpected.

SCHOLARSHIP AND CAREER INVOLVEMENT MAKE GOOD SENSE FOR MANY STUDENTS

Academically oriented students who excel in their majors or in co-curricular activities are recognized by membership in select national honor societies. Elon College boasts many of these organizations and also has chapters of interdisciplinary societies like Alpha Chi and leadership honor societies like Omicron Delta Kappa. Students and faculty who are initiated into these groups exhibit attributes of scholastic excellence and have strong leadership potential. Other students participate in career-oriented societies that focus on occupational concerns.

Rituals of Student Life

Living and Learning . . .

Elon was a place for the rituals of learning — but not all learning is in books. Student life was more than classrooms, laboratories, study desks, and libraries. Experiences in residence halls, student government, service organizations, spontaneous social groups, sororities, fraternities, and on intramural teams were all a part of the rituals of student life at Elon.

Students found something new and exciting in each day at Elon. From meeting a new girl in class to getting an A on an important exam, each day brought something new and different to add to the rituals.

Greek Organizations were a vital part of student life at Elon. These groups found the trials of college life much easier to deal with when there were brothers or sisters to laugh with and lean upon. Greeks also held many leadership roles on campus including Student Government and campus publications. Throughout the year they strived to demonstrate the importance of Greeks to Elon's student life.

Whether Greek or non-Greek, commuter or Dorm student, all students working together made student life at Elon enjoyable and worthwhile for all.

Fraternities Welcome Everyone to the Social Event of the Season

Once at the beginning of a semester, fraternities rush to clean up their houses, tidy their yards and prepare for what most consider the "social event" of the season.

On September 23rd all fraternities opened their houses for an

afternoon of socializing. Each house had plenty of good food and the brothers welcomed friends and prospects. This day provided an opportunity to chat with old friends, catch up on the latest and also a chance to meet new friends.

Fall Open house was the beginning of a very successful Fall Rush for all fraternities.

Welcoming New Faces to the Circles of Sisterhood

On Friday October 5th, the Scott Plaza filled with chanting and singing as the fall rush came to a close. The chants and songs turned to cheers and screams around 1:30 p.m. as a string of new faces ran toward each sorority's circle. Hugs, tears, and laughter were the result of weeks of rush parties for the girls. Hand in hand a string of

green and gold headed toward the Oaks and then on to Dewars. Blue and gray headed for the Zeta house, pink and white to the Phi Mu house and Purple and white for the Lighthouse. For most, fall Bid Day 1984 was just another ritual, but for those girls it was a beginning of a new experience.

Competing with Friends

Greek Week '84 was one of the most exciting ever. It began on Thursday with a dance contest at Ramada. Alpha Sigma Alpha and Sigma Phi Epsilon picked up victories in this competition. Later that evening the festivities continued at the Gambler, where the Chugging events took place. Kappa Alpha and Alpha Sigma Alpha dominated this competition and at the end of the first day both KA and ASA were in first place.

On Friday, Zeta Tau Alpha and Sigma Pi picked up victories in the Chairot competition. Other

events of the day were bike racing, bowling, golf, and swimming.

At the end of Friday, Zeta Tau Alpha and Kappa Alpha were in first place. Saturday brought egg toss, football and softball throw, frisbee throw, and pizza eating. By Saturday night, Zeta was still in first place for sororities but Sigma Phi Epsilon had taken over first for fraternities.

Sunday brought track and field events and the double elimination Tug of War. Sigma Phi Epsilon own the Tug of War for the guys and was the overall

fraternity winner. The sorority competition was running close between Alpha Sigma Alpha and Zeta Tau Alpha. In the final event, the softball tournament, Alpha Sigma Alpha beat Sigma Sigma Sigma in the first game but in the second game a controversial call at second base gave Zeta Tau Alpha the game and the overall victory.

The weekend was an overall success bringing both fun and competition for the sororities and fraternities and giving all Greeks a sense of unity.

Dorm Life

Dorm life at Elon was quite an experience.

Regardless of which dorm a student lived in, he had to learn how to live with others in a pleasant atmosphere.

Dorm living involved many things, visitation hours, roommates, hall bathrooms, or suites, playing pranks and ordering Domino's or Itza Pizza. There are certain guidelines a student could use for getting along with his or her roommate(s). These are the Ten Commandments of

Roommattery.

I. Thou shalt not pilfer, borrow, or remove from premises deodorizing and cosmetic items necessary for life's enhancement.

II. Thou shalt not change the station and/or adjust the volume on roommate's radio-alarm clock.

III. Thou shalt not consume chocolate ice cream, pepperoni pizza, or blackberry jam while: a. attired in roommate's favorite outfit, b. roommate is on a diet, or c. roommate is too broke to afford any.

IV. Thou shalt not decide to lock up and go to class while keyless, unclad roommate is down the hall in the shower.

V. Thou shalt not "get an early start" on papers by typing at 3 A.M.

VI. Thou shalt not plan end-of-

the-term bashes the night before roommate's exam.

VII. Thou shalt not whip up popcorn, bacon, deep-fat-fried chicken, or any other treat surpassing thirty decibels of sound while roommate is sleeping.

VIII. Thou shalt not "move in" on roommate's first date of the year.

IX. Thou shalt not tax roommate's oxygen supply by participating in strenuous and / or heavy breathing activities.

X. Thou shalt not lose or appropriate recreational gear leaving roommate's weekend up the proverbial tributary without the conventional means of locomotion. (Don't take roommate's wheels!)

Campus Transportation

While many students walked their way around campus, others opted for a better way of getting to their destination. Students at Elon were always going somewhere and usually in a hurry, trying to get there by the fastest and most efficient means possible. Modes of transportation at Elon ranged from the usu-

al bicycles and mopeds to skateboards and roller skates.

Even those students who rode ordinary bicycles tried to add zest to the usual routine. Students were seen traveling from the New Area to Alamance building while riding in a comfortable position on the handlebars. Occasionally a skateboard

rider would take a fall, only to get back on and try again.

So students at Elon found alternate means of transportation. There were always cars and of course the old reliable "own two feet", but there were those who dared to be different-finding a better way to get where they were going.

The November Elections had everyone at Elon

Talking Politics

November 6, 1984 was an important day for many. The 1984 elections were carefully evaluated by students at Elon. Regardless of whether they were Republicans or Democrats (or neither), students took an interest in the outcome of the elections.

Many took an active part in

the election campaigns. Two very interested groups appeared on campus. The young Democrats and young Republicans sponsored college coffees with speakers such as Congressman Britt, Governor Hunt's wife and Senator Jesse Helm's wife. For students who were not actively

involved in this election process, there were many other options. Some simply ignored the entire election while others were passive and voiced their preference at the polls. But for all it was definitely a year of "talking politics."

MAKING THE HEADLINES

President Reagan won re-election with the biggest electoral vote in history. He won 49 states with 49 percent of the to-

tal vote. The photo shows President and Mrs. Reagan at the victory celebration on election night, November 6, 1984.

The United States did very well in the Summer Olympics, winning 83 gold medals, 61 silver and 30 bronze. Mary Lou Retton won the all-around gold medal and led the gymnastic team to a silver medal; she also won bronze medals for the floor exercise and the uneven parallel bars and took a silver medal for the vault. The Soviet Union and other Communist countries boycotted the Summer Olympics.

Princess Diana gave birth to Prince Harry in late 1984. The photo shows Prince Charles and

his other son, Two-year old Prince William.

"We didn't win but we made history, and that fight has just begun."

—Walter Mondale

Democratic presidential candidate Walter Mondale made history when he chose a woman, Geraldine Ferraro as his vice presidential running mate. Mondale and Ferraro were nominated on the Democratic ticket at the party convention in San Francisco in July. He announced early in his campaign that to lower the federal deficit increased taxes would be necessary.

Vanessa Williams was forced to surrender her title as Miss America at the request of Pageant officials because she had posed nude for sexually explicit photos. She became the first of 57 Miss Americas to be forced to resign. Suzette Charles, the first runner-up became the 58th Miss America.

The Jacksons take their Victory Tour across America, U.S. Marines beat a hasty retreat from Lebanon, 98 year-old Lady Liberty gets a facelift and a 49ers "fish story" —

The Statue of Liberty celebrated her 98th birthday in 1984 and she began to show her age. The statue was worn from constant pummeling by wind, salt, air and acid rain, and the iron ribbing supporting the covering was badly corroded. A two-year restoration began in July 1984. It included a new gold-plated torch.

Michael Jackson conducted his so-called Victory Tour to more than a dozen cities. The original ticket policy, which required fans to mail in \$120 pos-

tal money order for four tickets with no guarantee that they could reserve tickets, was shelved after much criticism.

ALL MAKE THE HEADLINES IN '84-'85

The United States Marines arrived in Beirut in 1982. Lebanon was torn by civil war and foreign invasion. In 1984 when the Marines left, more than 260 Marines were dead, Lebanon was still at

war with most of its territory occupied by foreign troops and its government tottering. The price of President Reagan's commitment was too high and the Marines left Beirut.

Dr. Rodriguez explains the difference between the Spanish culture and the American culture.

Setting the goals high . . .

Students at Elon set their goals high. For some it meant striving for the Dean's List, a 4.0 GPA or graduating summa cum laude; for others it was just getting by. Whatever the goal, 1984-85 was a year for meeting the challenges. New classes were offered. The Honors Program thrived while the MBA program appeared to be off to a great start. A new course was offered to freshmen — Elon 101, dedicated to helping freshmen adjust to Elon College life.

With increased enrollment and changes in the curriculum one thing did remain unchanged — the dedicated and outstanding faculty and staff. Elon's faculty members continued to be committed to a friendly, informal relationship with students, making it less difficult to meet the challenges of college life and easier to reach those high goals.

HOLDING ELON TOGETHER

Most colleges generate their livelihood around the classroom. Of all the activities that surround a college, the common plight of each student is mastered by time spent in the classroom. Yet so much of college life is managed by administration members who offer support services to students. Such services include housing arrangements, student advising, financial aid and academic affairs, to name a few. Lela Faye Rich, Associate Director of Academic Advising, is an example of Elon's invaluable administration support staff. Much of the advising that goes on in the advising center is not necessarily academically oriented. Administrative advisors, such as Mrs. Rich, are unique in this account. Ron Klepcyk, (recently appointed) Dean of Student Affairs, is primarily responsible for overseeing housing arrangements and other conditions surrounding student accommodations on campus.

JoAnne Soliday, (newly appointed) Dean of Admissions

and Financial Aid, is mainly responsible for decisions concerning financial arrangements for students entering Elon College. Soliday also spearheads the never ending campaign for prospective students. She has, in the past school year, begun student admissions committee. This select group of Elon Students meets with prospective students and

parents visiting Elon.

Elon's student support services are a considerably large part of college life. These administrative members are always available to students, and they offer a common pledge — to make Elon College the best it can be for its patrons, the students.

Fred Young, President of Elon since 1974, has brought many changes to the college.

Ron Klepcyk, Dean of Student Affairs, has duties which range from managing residence life to personal counseling.

JoAnne Soliday, Dean of Admissions, brought about a tightening of Elon's admissions policy.

These professors, Watts and Taylor, take a stroll around campus, watching the students scurry to class.

In Class and Out

Every college has its strengths — its “sales pitch,” so to speak. Elon College has a definite strength in its small size college. When a student at a large school might be considered “just a number,” Elon offers each of its students a chance — and a challenge. With many of its extra-curricular offerings, a student can easily make a place for his or herself.

However, in the classroom, where it counts, the size difference becomes considerably favorable to Elon students. Most classes carry no more than 30 students. This allows room for class discussion as well as strictly seminar classes. It also allows for valuable interaction with faculty

members. Students at Elon enjoy the faculty's availability to students as well as its interest in the college, its programs and their department curriculum. A professor at Elon is often involved in student productions, extracurricular affairs or study and advisory activities, to name a few.

As education becomes more and more of an investment, and colleges bid for student enrollment, the value of personal involvement in a school such as Elon also rises. If a student so chooses, he or she can upgrade the value of their own education just by taking advantage of what Elon has to offer. Elon offers a chance — and a challenge. And Elon lives up to both.

Talking it over

Jack White, Edwin Daniel and David Bragg talk between classes.

Time to Relax

Mrs. Euliss, English instructor, spends a few relaxing moments in her office between classes.

Mapping It

Dr. Cates, professor of Geography, uses the overhead projector to trace a map for his students.

Piece of Artwork

Mrs. Henricks shows Mike Garcia how to add the finishing touch to a piece of art.

Looking Smarter than Ever

Dr. Baxter, College Attorney and Business Law professor, keeps his students interested and entertained.

Between us

Dr. Sullivan takes a break from his work to meet with one of his students during office hours.

In Class

Dr. Anne Ponder, Director of the Honors Program, holds discussion in Honors Literature and Economics class.

A Dedicated Staff makes Elon

A Better Place for Learning

There are many members of the staff at Elon who are not professors but are invaluable to the ongoing success of the college. There are many offices with services that are vital to the students' interests. From the Registrar's office where students schedules are arranged and records are kept to health services where Mrs. Salter keeps the students healthy. According to Mrs. Slater there are an average of 57 students and staff members in the college infirmary each day.

She can be seen filling bottles of medicine and diagnosing any possible ailment a student might have.

There are other offices such as Alumni Affairs where King White and the staff keep alumni informed of what's going on at Elon. Another busy office at Elon is Student Affairs where Naola Ferrington and the rest of the Student Affairs staff deal with everything from traffic tickets to room changes. Various staff in Development, Placement, Aca-

demic Affairs and the Registrar's Office keep things at Elon running right along.

Working Together

Dr. Proffit, Director of Planned Giving, and Mrs. Stone, Campus Decorating Advisor, both work for Elon's betterment — managing money and appearance.

It's That Time of Year Again

For Mr. Albertson, the confusion of pre-registration occurs twice a year but he's prepared here as he punches a student's schedule into the computer.

Keeping Alumni Informed

King White, Director of Alumni and Parent Relations, keeps alumni and parents informed of Elon's affairs.

Raising Money for Elon

Jerry Tolley, Director of Annual Giving, keeps busy raising money for Elon and planning the annual phonathon.

Keeping Elon Healthy

Mrs. Salters helps keep Elon students healthy throughout the year.

Can I Help?

Mrs. Belvin, Director of Financial Aid, helps many students receive financial assistance.

Two Heads Are Better Than One

Naola Fearington, Secretary in the Student Affairs Office, works with a student on a problem. Two heads are better than one.

Wanna Ride?

Brucie Sutton finds her Moped to be a convenient means of transportation. "Hey Darla, want a ride to the Oaks?"

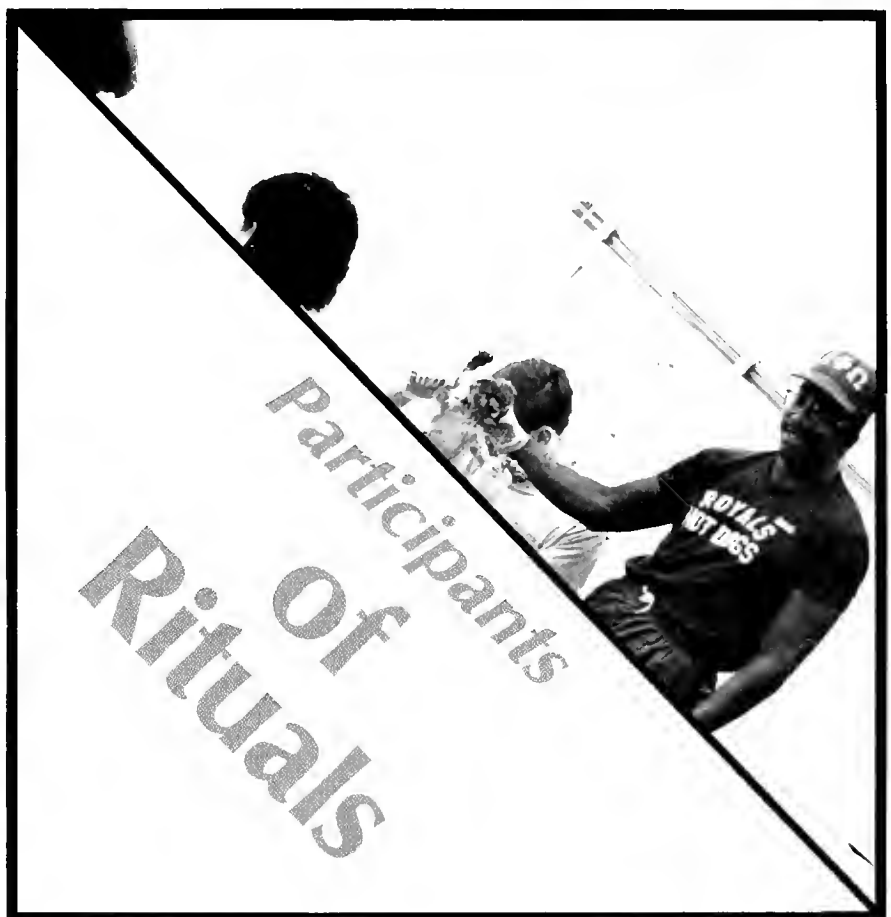

Cramming

Dorm rooms aren't always the best place to study; this student prefers to study outdoors.

Peace and Quiet

The library is often a quiet place to study especially during the early morning hours.

The Start of Something Big . . .

In 1984-85 the students participating in the Rituals of College life at Elon numbered approximately 2800. Among these, 29 states were represented as well as 14 foreign countries. Elon was filled with students from a diversity of backgrounds, with varied racial, ethnic, and religious groups.

Students found varied reasons for being at Elon. For many it was because they were expected to either go to college or get a job — it was the lesser of two evils. To some it meant getting a chance to become what they'd always wanted to be, whether it was in education, business, chemistry, computers, religion, music or any other major offered at Elon.

By participating in the Rituals of College life students found they had gotten more from being at Elon than just a few credit hours — it was a chance to grow and learn about life and for most it became *the start of something big*.

The Life of an Upperclassman

The student awoke to a noisy alarm. After hitting the snooze several times he pulled off the covers and slowly crawled out of bed. The day was filled with various rituals from taking a shower and putting on clothes to getting to class on time.

After class the student made

his journey to the cafeteria with friends for lunch. In the afternoon he watched a few soaps on television, ate dinner again in the cafeteria or maybe a trip to Wendy's or Brown and Company. After dinner he studied for a couple hours amidst the noise and activity going on outside his

room. Finally he put down his books and went out for a beer with the guys. Later that evening he crawled back into bed, only to awaken a few hours later, again to a noisy alarm. So began another day in the life of an upperclassman.

Library Hours

Sometimes seniors find time to spend in the library studying or socializing.

Studying Hard

Joanna Winstead prepares an assignment for class as she sits quietly in her room.

Back Row Seat

These guys listen intently to the lecture while occupying their usual back row seats.

Moving Upward

Moving Upward. Being a junior meant knowing you were past the halfway mark. But getting there wasn't so easy. There are rituals that must be gone through. Juniors found that they were too close to being Seniors

to slow down now. Even when those upper-level classes got tough. There were more papers to write and harder exams than they'd experienced before. Yet with all these demands on their time and energy juniors man-

aged to make it through and still have a good time at Elon. Ritual after ritual, they kept moving upward — closer to being Seniors and smiling all the way.

Lab Discovery

Ann Hester seems to be enjoying her Chemistry experiment.

Laundry Room Blues

Caroline Mathews removes her clothes from the dryer hoping they are dry.

Pre-Registration Fears

Don Bickley waits patiently in the Registrar's office, hoping the class he needs will not be closed.

Stuck in the Middle

It's not always easy being a sophomore. You can't use the excuse, "I'm only a freshman!" Yet you aren't really an upper-classman — you're sort of "stuck in the middle."

So what's really great about being a sophomore? Lots of things. For instance — you are not a freshman anymore. You

can look forward to being an upper-classman soon. The classes are still 100-200 level and haven't reached the severe stage yet. Sophomore year is an important one for many — it's when you begin to find the direction in which you wish to go. Sophomore year is what you make of it.

But the sophomore class made 1985 a great year. Never a dull moment. There was always some excitement. Somewhere to go ... Something to do ... something to work for. Though being a sophomore wasn't always easy — the class of '87 made the best of being "stuck in the middle."

Togetherness

Janet Eure and her parents have a good time getting her ready for school with the necessities, food!

Studying again

Summertime Calling

These students enjoy the last of the summer sun out by Harper Center Lake.

Piling Up?

After Wrestling practice these guys find time to clown around.

A turning point for Freshmen

September brought new faces to Elon. Freshman orientation was successful due to the hard work of the Orientation Staff and the Residence Life Staff. Much planning went into the Orientation Week. Orientation counselors and resident assistants returned to school early to prepare for the arrival of the freshmen. From unloading cars and carrying stereos to answering questions and giving directions — the staff worked hard and put forth a great deal of time to make the Orientation successful.

For Freshmen the first day at Elon was filled with moving in, getting settled and attending all

the “necessaries”. From convocation to meeting with their advisors the freshmen found out early that college life can be demanding. Later that day after saying goodbye to their parents, freshmen were left on their own. Many found companionship with roommates and found their way to hall meetings, area meeting, registration, drop/add and so forth.

The week ended with a concert by Harper Center Lake and freshmen blended right into Elon College Life.

Orientation '84 was over but other rituals were about to begin . . .

Carrying a Load.

These girls find moving in to be quite a chore, yet they manage a smile as they carry in another load.

Helping Out.

Orientation counselors Cyndi Lawson and Janice Neel help the guys move into Staley.

Where is the help when you need it?

This girl struggles to unload her belongings from her car. Where is help when you need it?

Organization at its Best.

All smiles, the East Area Staff awaits the arrival of in-coming freshman.

Thank Heavens for Help!

"Oh, thank heavens for orientation counselors!" This father is excited that he won't be emptying his station wagon alone.

Over Packed?

This father wonders where his son will put all his belongings as the car is unloaded in Sloan parking lot.

Meeting the Challenges

For Freshmen it was the beginning of a new era and a major change in lifestyle. These students had never before been on their own as they were now. No curfew, no parents, and a great deal of freedom suddenly became theirs. Along with this new way of life and new-found freedom came just as many responsibilities and challenges. There was no one to say "You cannot sleep through your eight o'clock class" or "you have to study for this test."

Freshmen found that with a little time and patience they could adapt to college life quite well and meet the challenges of being on their own.

Getting Physical

This Freshman prepares for Baseball season by lifting and training early.

Getting Acquainted

These girls take time to chat out by Alumni gym.

. . . . It was a year of Rituals

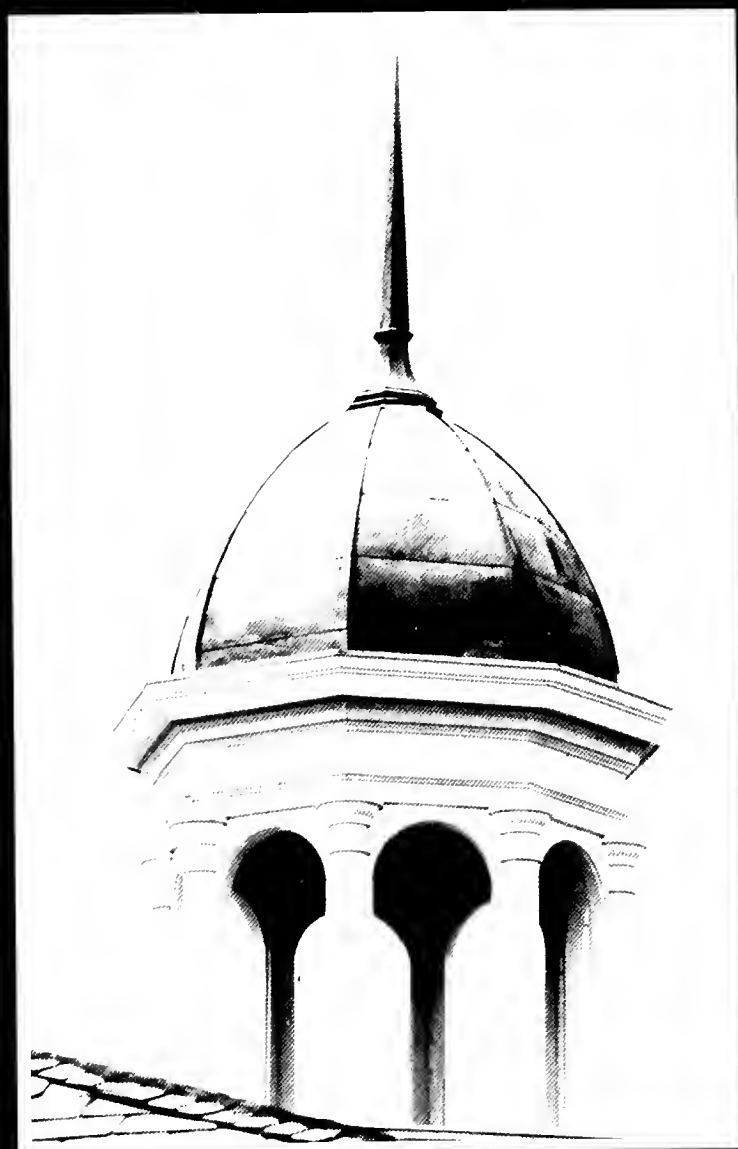

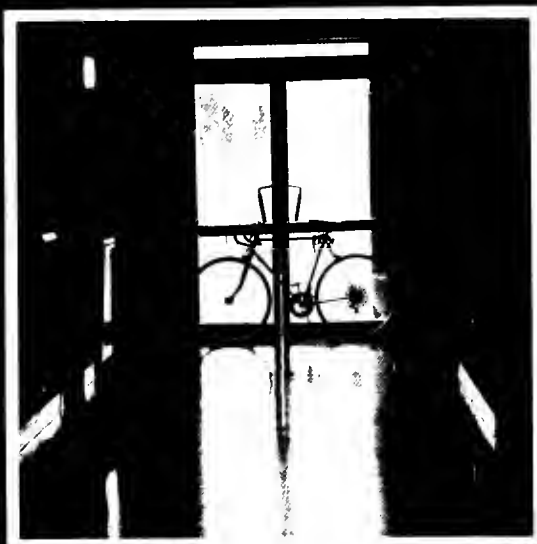

So the 1984-85 year came to a close. The day to day routine, the things we did so methodically that we took them for granted were all history now. So what if we overslept for our eight o'clock class once in awhile. So what if we routinely locked our roommate out of the room. So what if we did the ten million things college students have long been famous for doing. We had a great year. It was our year. It was 1985 . . . A Year of Rituals.
